Id Theft Solutions of America

Thank you!

I just wanted to take a moment to thank you on behalf of my company and my employees. The compliance program you have implemented to assist us in protecting not only our employee's information, but our clients as well has been invaluable. Many of our employees have participated with your services and commented on the proactive approach we took in protecting our data.

I recommend your services to any company looking to enhance their benefits and compliance package. The cost is minimal considering the protection you provide. You have made the whole process very simple and easy to implement for all of our staff.

Regards,
